8	FOR THE NORTHER	RN DISTRICT OF CALIFORNIA
9		
10	ORACLE AMERICA, INC.,	
11	Plaintiff,	No. C 10-03561 WHA
12	v.	
13	GOOGLE INC.,	FINAL JUDGMENT
14	Defendant.	/
15		
16	The pleadings in this action asserted the following: Oracle asserted infringement of	
17	seven patents, U.S. Patent Nos. 6,125,447; 6,192,476; 5,966,702; 7,426,720; RE38,104;	
18	6,910,205; and 6,061,520. Oracle further asserted infringement of its copyrights in the code,	
19	documentation, specifications, libraries, and other materials that comprise the Java platform.	
20	Oracle alleged that the infringed elements included Java method and class names, definitions,	
21	organization, and parameters; the structure, organization and content of Java class libraries; and	
22	the content and organization of Java's documentation. In turn, Google asserted declaratory	
23	judgments of non-infringement and invalidity, and equitable defenses. Before trial, Oracle	
24	dismissed with prejudice all claims for relief based on the '447, '476, '702, '720, and '205	
25	patents. During trial, Google abandoned claims for relief for invalidity declarations as to the	
26	'104 and '520 patents.

Based upon the verdicts by the jury and orders entered by the Court, it is now **ORDERED**, **ADJUDGED**, **AND DECREED** that:

With respect to Oracle's claim for relief and Google's counterclaim for declaratory judgment of non-infringement for the '520 and '104 patents, judgment is entered for Google and against Oracle. With respect to Google's counterclaims for declaratory judgment of invalidity for the '520 and '104 patents, judgment is entered for Oracle and against Google, such counterclaims having been abandoned during trial. With respect to the five remaining patents, claims for relief by Oracle were completely dismissed with prejudice by Oracle (and may not be resurrected except as indicated in the orders of May 3, 2011, and March 2, 2012, with respect to new products). In this regard, it is the intent of this judgment and order that general principles of merger of claims into the judgment and res judicata shall be applicable.

With respect to Oracle's claim for relief for copyright infringement, judgment is entered in favor of Google and against Oracle except as follows: the rangeCheck code in TimSort.java and ComparableTimSort.java, and the eight decompiled files (seven "Impl.java" files and one "ACL" file), as to which judgment for Oracle and against Google is entered in the amount of zero dollars (as per the parties' stipulation).

With respect to Google's equitable defenses, judgment is entered for Oracle and against Google as to waiver and implied license. As to equitable estoppel and laches, no ruling need be made due to mootness.

IT IS SO ORDERED.

B Dated: June 20, 2012.
